

IMPORTANT SAFETY INFORMATION

1. **WARNING: RISK OF SHOCK** Electrical current can cause painful shock or serious injury unless handled properly. For your safety, always remember to:
 - A. Turn off the power supply at the fuse or circuit breaker box before installing the fixture.
 - B. Ground the fixture to avoid potential electrical shocks and to ensure reliable start.
 - C. Double-check all connections are tight and correctly connected.
2. This fixture is designed for use in a circuit protected by a fuse or circuit breaker. This product must be installed in accordance with applicable manufacturer installation instructions. Installation must be performed only by a licensed electrician in accordance with National Electrical Code (NEC) and local electrical codes.
3. **WARNING: RISK OF CUTS** Some metal parts in the fixture may have sharpe edges. To prevent cuts and scrapes, wear gloves when handling the parts.
